

How to find a dentist in the network

Visiting a dentist in the Humana network ensures you're getting the lowest cost for dental care. To find an in-network dentist for each plan, follow these steps:

Step 1: Scan the QR code or go to humana.com/findadentist and sign into your MyHumana account or search as a guest.

Step 2: Enter your search information based on the plan

- Enter your **ZIP code**
- In the pop-up window, choose **"DHMO"** for "Coverage Type"
- Select the network: **MDCPS DHMO**
- Click the **"Select"** button
- On the next screen, click on the **"all dental providers"** link located below the "Dentist name or specialty" entry box to get a list of all providers.
- Choose a dentist from the search results, call to confirm they're accepting new patients, and then take note of their **Primary care number**.
- After you enroll, the dentist you selected will need to be assigned as your primary care dentist (PCD) before you get dental services. To do this, contact customer service using the number on the back of your ID card, or you can sign into MyHumana. Then:
 - Go to the **"Care"** tab at the top of the page
 - Choose **"Select a dentist"** button
 - Then search for a specific dentist or browse the list
 - Select a dentist accepting new patients and click the **"Confirm"** button

Is your dentist missing from our network?

We don't want you to have to choose between continuing to see your dentist and receiving the best possible value from your dental benefit plan.

You can help us get your dentist in our network. **Scan the QR code and fill out the online form to refer your dentist.**
